Customised Courses

We are also equipped to conduct the following courses, tailor made to customer needs (wherever applicable):

1. Advanced welding technologies (Laser welding)
2. Welding distortion and control
3. Welding metallurgy and Microstructure analysis (TEM)
4. Welding heat treatment
5. Welding for Site Engineers
6. Solid State Welding
7. Welding of Aluminium Alloys
8. PAUT Level-II (12 Days – Will be conducted as per ASNT)

Terms and conditions:

- Topics, Dates, No. of sessions per day, etc. shall be on mutually agreeable terms
- Minimum no. of participants shall be 15 for any customised course
- Charges will be based on the no. of days and no. of sessions in each day
- Consolidated charges will still be applicable even if the participation falls below 15.
- All other conditions applicable to calendar courses shall remain firm for customised courses
